

Life keeps you moving! Whether it's working out at the gym, working overtime at the office, or working to get your family where they need to be every day, your body and mind are almost constantly on the go. Supplying your body with some extra nutritional support will help replenish some of the vital nutrients you lose along the way, which will help keep you going . . . and going, and going!

For all you movers and shakers out there looking for some added support, 4Life® offers the liquid nutrition of ReZoom. ReZoom contains a blend of energy-sparking B-vitamins and valuable herbal extracts to fortify the cardiovascular and respiratory systems. Ideal for people who exercise regularly and/or at high levels, ReZoom helps replenish nutrients lost during vigorous activity and promote peak performance.

## Key Points

- **Supports Stamina & Vitality:** ReZoom supports the body's production of energy through normal metabolic means and promotes healthy levels of endurance. It includes a blend of vitamins and minerals, as well as ginseng and yerba mate for energy and stamina support.
- **Promotes Cardiovascular Health:** Cardiac support and circulatory function are supported by the herbs Hawthorn and Yarrow. In addition, antioxidant minerals and the Vitamins B6, B12, and folic acid are also known to promote cardiovascular health by supporting healthy homocysteine levels.
- **Provides Antioxidant Support:** Antioxidant vitamins, minerals, and phytonutrients support immune system function and help protect the body from naturally-occurring free radicals in the body.

## Did you know?

Antioxidants act as protectors for cells, supporting healthy function throughout the body. They work by binding to free radicals, a negative by-product of the oxygen process, and donating an electron to transform the free radical into a non-threatening compound.

"Minerals are needed for the proper composition of body fluids, the formation of blood and bone, the maintenance of healthy nerve function, and the regulation of muscle tone, including that of the muscles of the cardiovascular system."

—James F. Balch, M.D., Phyllis A. Balch, C.N.C. "Prescription for Nutritional Healing: second edition"

## Technical Points

- Echinacea has been shown to support immune function and promote healthy inflammation levels.
- Ginseng supports the adrenal and reproductive glands and promotes immune function.

**DIRECTIONS:** Shake well. Drink 1/2 oz twice daily. Refrigerate after opening. Do not expose to heat.

**Serving Size:** 3 tsp (1/2 fl oz)

## Supplement Facts

Amount Per Serving	%DV
